

6.5.3 Uses Allowed

Temporary uses will be allowed in accordance with the standards of this subsection.

A) ***[RESERVED]***

B) ***Response to Natural Disasters and Emergencies***

Temporary **Except as otherwise provided in this Section, temporary** uses and structures needed as the result of an emergency declared by the Board of County Commissioners, State of Oregon, or Federal Government are allowed for the duration of the emergency. No site plan review or other review as would ordinarily be required by this Ordinance will be necessary during the emergency. Land use activities that must occur for the purpose of alleviating the hardship resulting from the emergency are expressly allowed. When the state of emergency has been terminated by the body or agency that declared it, all temporary uses will cease and structures associated with the emergency will be removed. **Any temporary uses authorized pursuant to this Section are required to comply with any applicable provision of Section 7.2.**
